

ACA Group

Locations: New York (HQ)

Industries: Diversified Financials

RISK LEVEL:

Medium Risk
DESCRIPTION:

ACA Group often yields to political activism in shaping corporate governance, potentially alienating consumers, dividing employees, and harming shareholders. The company implements race and identity-based policies that replace merit, excellence, and integrity with preferential treatment and outcomes. ACA Group occasionally embraces corporate initiatives that redirect its central focus from business goals to partisan policies and divisive issues at times. This approach fails to safeguard free exercise, free speech, and free enterprise.

Corporate Weaponization

Has canceled customers, suppliers, or vendors due to their political views or religious beliefs OR corporately boycotts, divests, or sanctions regions, people groups, or industries. Medium Risk

ACA Group received a score of 80 on the 2025 Corporate Equality Index (CEI) from the Human Rights Campaign (HRC), a political stakeholder group. The company recruits employees based on sexual identity issues. The company discriminates against vendors that do not promote divisive sex and gender policies, indicating it prioritizes sexual issues over merit (1)(2). ACA Group is a signatory of the Principles for Responsible Investment, incorporating ESG issues into investment analysis, decision-making, and other business practices (3)(4). However, the company has not publicly canceled customers, suppliers, or vendors based on political views or religious beliefs.

Charitable giving (including employee matching programs) policies or practices discriminate against charitable organizations based on views or religious beliefs. High Risk

ACA Group's HRC 2025 CEI rating indicates the company will not donate to non-religious charities unless they embrace controversial sexual identity policies (1)(2). However, the company does not publish charitable giving guidelines.

Employment policies fail to protect against viewpoint or other discrimination and/or are ideological in nature. High Risk

ACA Group's HRC 2025 CEI rating indicates the company forces employees to attend multiple, controversial trainings on gender identity, sexual orientation, transgender issues, and divisive racial ideology. The company provides gender transition guidelines for its employees (1)(2). ACA Group supports DEI within its business practices, including training other companies in DEI (3). However, the company does not provide viewpoint protections for its employees (4).

Corporate Governance and Public Policy

Uses corporate reputation to support causes, organizations, or policies hostile to freedom of expression. **High Risk**

ACA Group is a signatory to the CFA Institute's Diversity, Equity, and Inclusion Code, indicating its support of DEI in its recruitment, hiring, onboarding, and promotions. Furthermore, the company pledges to integrate DEI into its policies, promote DEI in the investment industry, and provide regular reporting on its DEI metrics to the CFA Institute (1)(2)(3). ACA Group supports ESG within its business practices, namely by designing ESG programs for other companies (4).

Uses corporate funds to advance ideological causes, organizations, or policies hostile to freedom of expression. **Medium Risk**

ACA Group's HRC 2025 CEI rating indicates the company covers transgender related costs for its employees and their children, including paid short-term leave, puberty blockers, cross-sex hormones, chest surgeries, genital surgeries, medical visits and lab monitoring, travel and lodging. By allowing a political stakeholder group to dictate operations, the company increases health care costs and risks dividing employees, alienating customers and harming shareholders (1)(2).

Uses corporate political actions and/or financial contributions for ideological, non-business purposes. **N/A**

ACA Group does not operate a PAC or engage in lobbying at this time (1)(2)(3).
