DESCRIPTION:

Nvidia, an American technology company, has not publicly terminated business relationships based on views or beliefs. By complying with Human Rights Campaign's controversial demands, Nvidia increases the risk of dividing employees, alienating customers and harming shareholders. The company covers transgender-related medical costs for its employees and their children and provides specific sexual orientation and gender identity-based benefits. It also uses sex and gender ideology criteria in employee recruitment, vendor selection, marketing, and philanthropic support. Nvidia uses its reputation, corporate funds, and political influence to support controversial sex and gender ideologies, organizations, and legislation. The company does not provide viewpoint protections for its employees. Nvidia discriminates against religious organizations in its charitable giving and published a gender identity and expression in the workplace statement. For these reasons, Nvidia receives a High Risk rating.

The company's employee donation-matching program does not match "gifts or payments for primarily political or religious purposes (including churches, synagogues, etc.)" (4).

Employment policies fail to protect against discrimination based on political affiliation/views and/or religion. **High Risk**

Corporate Governance and Public Policy

Uses corporate reputation to support ideological causes and/or organizations hostile to freedom of expression. Medium Risk

Nvidia indicates the company agrees to allow a controversial stakeholder group focused on sexual identity issues to dictate marketing or advertising strategy (1)(2). Nvidia has released a gender identity and expression in the workplace statement that expresses that transgender employees will have access to restrooms that align with their gender expression and that other employees will be required to refer to them by their choice of pronouns (3).

Uses corporate funds to advance ideological causes, organizations, or policies hostile to freedom of expression. High Risk

Additionally, the company has pledged philanthropic support of at least one organization or event that promotes sex and gender ideology (1)(2). Nvidia does not operate a PAC at this time (3).

Uses corporate political contributions for ideological, non-business purposes. High Risk
