### DESCRIPTION:

UnitedHealth Group is High Risk. The company yields to political activism in shaping corporate governance, potentially alienating consumers, dividing employees, and harming shareholders. The company implements race and identity-based policies that replace merit, excellence, and integrity with preferential treatment and outcomes.

UnitedHealth embraces corporate initiatives that redirect its central focus from business goals to partisan policies and divisive issues. This approach fails to safeguard free exercise, free speech, and free enterprise.

### Corporate Weaponization

**Has canceled customers, suppliers, or vendors due to their political views or religious beliefs OR corporately boycotts, divests, or sanctions regions, people groups, or industries. Medium Risk**

The company recruits employees based on sexual identity issues. The company discriminates against vendors that do not promote divisive sex and gender policies, indicating it prioritizes sexual issues over merit (1)(2). However, UnitedHealth Group has not publicly canceled customers, suppliers, or vendors based on political views or religious beliefs (3).*

**Charitable giving (including employee matching programs) policies or practices discriminate against charitable organizations based on views or religious beliefs. High Risk**

*UnitedHealth Group's HRC 2025 CEI rating indicates the company will not donate to non-religious charities unless they embrace controversial sexual identity policies (1)(2). However, the company will not fund "religious organizations for religious purposes" (3).*

**Employment policies fail to protect against viewpoint or other discrimination and/or are ideological in nature. High Risk**

*UnitedHealth Group's HRC 2025 CEI rating indicates the company forces employees to attend multiple, controversial trainings on gender identity, sexual orientation, transgender issues, and divisive racial ideology. The company provides gender transition guidelines for its employees and a specific benefits guide with a comprehensive explanation of transgender services funded by the company (1)(2). UnitedHealth Group appears to prioritize diversity over merit in its leadership composition. From its 2021 Sustainability Report: the company is "committed to actively seeking women and racially/ethnically diverse director candidates" (3). The company offers unconscious bias training to its employees and is an "affirmative action employer" (4)(5). UnitedHealth Group does not provide viewpoint protections for its employees (6).*

## Corporate Governance and Public Policy

**Uses corporate reputation to support causes, organizations, or policies hostile to freedom of expression. High Risk**

By doing so, the company risks dividing employees, alienating customers and harming shareholders (1)(2). UnitedHealth supports DEI within its business practices, forming the Global Diversity, Equity, and Inclusion (DEI) Office and an Advancing Diversity, Equity, and Inclusion Board. UnitedHealth Group is committed to net zero emissions by 2035 (3). Additionally, the company has pledged philanthropic support of at least one organization or event that promotes sex and gender ideology. By allowing a political stakeholder group to dictate operations, the company increases health care costs and risks dividing employees, alienating customers and harming shareholders (5)(6). UnitedHealth Group is a silver sponsor of the HRC, a silver sponsor of Out and Equal, and a corporate partner of the National LGBT Chamber of Commerce (7)(8)(9). UnitedHealth Group is a member of the MCCA, indicating its focus on recruiting, retaining, and promoting employees based on race (10)(11).
