

Service Corporation International

Locations: Texas (HQ)

Industries: Commercial and Professional Services

RISK LEVEL:

Medium Risk

DESCRIPTION:

Service Corporation International (SCI) often yields to political activism in shaping corporate governance, potentially alienating consumers, dividing employees, and harming shareholders. The company implements race and identity-based policies that replace merit, excellence, and integrity with preferential treatment and outcomes. SCI occasionally embraces corporate initiatives that redirect its central focus from business goals to partisan policies and divisive issues at times. This approach fails to safeguard free exercise, free speech, and free enterprise.

Corporate Weaponization

Has canceled customers, suppliers, or vendors due to their political views or religious beliefs OR corporately boycotts, divests, or sanctions regions, people groups, or industries. Medium Risk

SCI received a score of 65 on the 2025 Corporate Equality Index (CEI) from the Human Rights Campaign (HRC), a political stakeholder group. The company recruits employees based on sexual identity issues. The company discriminates against vendors that do not promote divisive sex and gender policies, indicating it prioritizes sexual issues over merit (1)(2). However, the company has not publicly canceled customers, suppliers, or vendors based on political views or religious beliefs (3).

Charitable giving (including employee matching programs) policies or practices discriminate against charitable organizations based on views or religious beliefs. High Risk

SCI's HRC 2025 CEI rating indicates the company will not donate to non-religious charities unless they embrace controversial sexual identity policies (1)(2). The company's charitable giving guidelines require that organizations abide by its nondiscrimination policy, including on the basis of sexual orientation and gender identity, thereby excluding some religious charities (3).

Employment policies fail to protect against viewpoint or other discrimination and/or are ideological in nature. Lower Risk

SCI protects its employees against viewpoint discrimination (1).

Corporate Governance and Public Policy

Uses corporate reputation to support causes, organizations, or policies hostile to freedom of expression.

Medium Risk

SCI's CEO, Thomas L. Ryan, signed the CEO Action for Diversity & Inclusion pledge, which includes a commitment to promote DEI through bias education training in the workplace, strategize on DEI programs/initiatives with other signatories, and engage boards of directors when developing and evaluating DEI strategies (1)(2). Otherwise, there are no publicly known cases of SCI using its reputation to advance ideological causes or policies (3).

Uses corporate funds to advance ideological causes, organizations, or policies hostile to freedom of expression.

High Risk

SCI's HRC 2025 CEI rating indicates the company covers transgender related costs for its employees and their children, including paid short-term leave, puberty blockers, cross-sex hormones, chest surgeries, genital surgeries, medical visits and lab monitoring, travel and lodging. Additionally, the company has pledged philanthropic support of at least one organization or event that promotes sex and gender ideology. By allowing a political stakeholder group to dictate operations, the company increases health care costs and risks dividing employees, alienating customers and harming shareholders (1)(2). Otherwise, there are no publicly known cases of SCI using corporate funds to advance ideological causes, organizations, or policies (3).

Uses corporate political actions and/or financial contributions for ideological, non-business purposes.

Lower Risk

SCI has not used its PAC donations for ideological purposes and does not engage in lobbying at this time (1)(2)(3).
